

The background of the entire image is a soft, golden-hued photograph of a body of water. The water's surface is covered with numerous fallen yellow and orange leaves. In the foreground, the dark, silhouetted branches and leaves of trees are reflected in the water, creating a symmetrical effect. The overall atmosphere is peaceful and evocative of late autumn.

We hope you enjoy this selection of guitar duo music from Argentina, Brazil, Canada, Colombia, Cuba, France, Spain and Venezuela. From the complex rhythms of the bambuco, choro, maxixe, pasillo, seguidilla and tango, the music reveals the musical soul of each composer. Even the works by Bizet and Carbajo are inspired by rhythms from Spain and Colombia, not their native birthplaces.

Special thanks to our families and the composers and arrangers of these works. Also, additional thanks to Dr. Madeline Bridges at The TN Arts Academy, Renee Butler, Cheekwood Botanical Garden and Museum of Art, Josh Cook, Byron Fogo, The Heart of Iowa Guitar Society; Dr. Michael K. Smith at The Knoxville Guitar Society; Will Griffin and Nina Cardona at Classical 91 One; Jim McCutcheon at The Intimate Guitar, Dayton Public Radio; Dr. Robert Margo, John Pell, Nashville Guitar Salon, Paul Reilly, Heather Spriggs Thompson, James Vrettos and all others who have supported our collaboration as a guitar duo.
